Hose Reel H20

- Snap-on wall brackets
- Unique safety latch
- Drum with ball bearings on both sides
- Pressed fitting and steel spiral hose protector
- Hose easily replaced

The retractable hose reel H20 for water and air is suitable for light industrial use, professional tradesmen or do-it-yourself workshops. The hose reel H20 is retractable and has a robust design in high impact composite materials. Supplied with an easily mounted snap-on, pivoting wall bracket and a unique safety latch for safe and easy service. The hose reel is equally suitable for pneumatic tools, staplers and blow guns.
The hose reel H20 is retractable and has an optimized spring force, ensuring that the hose retracts smoothly and evenly onto the drum. The high quality spring is pre-tensioned at the factory to suit a wide range of applications, and is well protected inside the drum cavity. The self retracting hose reel H20 is very easy to mount, either on walls or on ceilings.
