

# Industrial vacuum cleaner 218A

Portable dust collector for dust extraction

## Industrial vacuum cleaner 218A

- ✓ perfect for very fine dust collection
- ✓ Robust design for heavy duty applications

218A industrial vacuum cleaner is the perfect machine for collection of very fine non-explosive dust. The dry vacuums filter and cleaning system provides a long interval between filter exchange which improves the productivity.

The compressed air driven ejector creates a high airflow for excellent dust and fine powder extraction. The dust collector operates with independent air cooling for improved performance. It has an efficient cyclonic pre-separation of the dust before the filter. The robust design of the dust collector makes for a safe operation in rough condition and the big wheels makes it easy to transport. The container is easy to empty plastic dust bag is available as an option.
