Industrial vacuum cleaner 425A

- Dry waste suction
- Silo pre-separator with manual outlet valve
- Fork lift handling
- Sturdy trolley system with large wheels for uneven ground
- automatic filtercleaning

Dual container system, designed for removal of industrial waste. This powerful suction unit comes equipped with a silo and filter container fitted with our exclusive nederman vyon self-cleaning filter ensuring the efficient filtration of large quantities of dust. The filter is cleaned automatically when the air supply is turned off. Special swivelling, locking wheels are sized to increase mobility, and make the handling of heavy loads especially simple. The unit is equipped with an adjustable counterweight valve and sack holder for discharge into sacks. The model include slots for handling by forklift.
