

Backpack for FM filtre

FM Backpack fås i to udgaver, en enkelt og en dobbelt version.

Backpack for FM filtre

FM Backpack findes i to versioner, en enkelt og en dobbelt version. FM backpack findes for alle filterstørrelser.

FM Backpack Enkelt

FM Backpack Enkelt anvendes hvor ex-aflastning ønskes opadrettet. Den kan også anvendes i tilfælde hvor indløbet skal være ekstra stort på grund af stort luftflow.

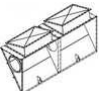

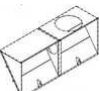

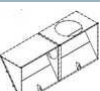

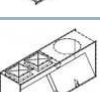

Desuden kan FM Backpack Enkelt anvendes hvor støvet er særligt slidende og en lav indløbshastighed er fordelagtig.

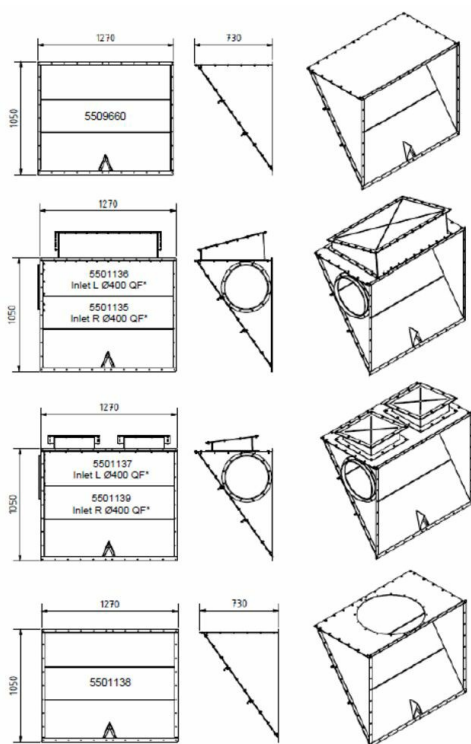

FM Backpack Dobbelt

FM Backpack Dobbelt anvendes ved sammenbygning af flere filter til ét stort filter. Også her er der mulighed for opadrettet ex-aflastning.
