

Minifilter

Silent operating dust collector for wood dust applications

Minifilter

- ✓ Silent operation
- ✓ Safe for indoor installation
- ✓ Simple setup

The MiniSeries dust collector is an enclosure-less, silent and simple to setup dust collector for your wood dust collection needs. Ideal for indoor installation, the MiniSeries is available in three sizes with an operating capacity of up to 8500 m³/h. The fan operates at a low rpm resulting in quieter operation compared to competing indoor dust collection systems. It is equipped with the Super Bag filter which is safe for use with wood dust and is 99% efficient.
